🎾 CCI Padel Event

Mexicano Tournament Rules

How Mexicano Works

- Match pairings are **not fixed in advance**
- Who you play **with and against** depends on **live match results**
- This format creates **balanced and competitive matches** throughout the event

---

First Round

- Players and teams are assigned by **random lottery**

From Round 2 Onwards

- Pairings are based on the **current leaderboard**
- Players are grouped by ranking:

  #1 & #3 vs #2 & #4
  #5 & #7 vs #6 & #8
  (and so on)

- After a few rounds, the event naturally **balances itself**

Player Rotation

- You may **play with or against the same player more than once**
- This is **normal and expected** in the Mexicano format

Resting Players

- We have **4 courts** and **more than 24 players**
- Some players will **randomly rest between rounds**

Final Round

- When **15–20 minutes remain**, we play the **final round**
- **Top 16 players qualify**
- Played across **4 courts** (Courts booked till 19:30 PM)

Scoring Rules

- **21 points per match**
- Play continues until **a total of 21 points is completed**
- Example final scores:
    - 15 – 6
    - 10 – 11

Serving Rules

- Each player serves **2 consecutive points**
- Each player will serve **once to each opponent**

Most Important Rule

Play fair, respect your partners and opponents, and enjoy the game!
